Gas Water Heater Range - Specification Sheet

Manufacturer: Example Home Appliance Co., Ltd.
Product family: tankless (instant) gas water heaters, indoor and outdoor configurations

Series overview

- Fan-forced outdoor ..... 16 L/min, 20 L/min, 26 L/min | IPX5 weather casing
- Fan-forced indoor ..... 10 L/min, 12 L/min, 16 L/min | balanced flue ready
- Flue type ..... 5 L/min to 12 L/min | natural draught
- Flue type low pressure .... 6 L/min, 8 L/min, 10 L/min | low water pressure start
- Flue type with electricity 8 L/min, 10 L/min | mains powered ignition
- Flue type battery ..... 6 L/min, 8 L/min | battery ignition

Common specifications

- Gas types ..... natural gas / LPG, field convertible
- Heat exchanger ..... copper, corrosion resistant coating
- Ignition ..... electronic, low water pressure start
- Safety ..... flame failure, overheat, dry burn, overpressure
- Water pressure ..... 0.02 MPa to 0.8 MPa
- Packaging ..... OEM carton with neutral artwork

Notes

- Capacities are rated at 25 K temperature rise and may vary by market standard.
- Certification marks shown in the catalogue are generic placeholders for this template.
